## SECTION 3: TOURNAMENT FORMAT

### 3.1 GENERAL DESCRIPTION

1. There will be four rounds of qualifying with a cut to the top 8 players.
2. The main event will be an 8 player “miss and out” format until two Competitors remain.
3. The final match will be a “win by two” match between the top two Competitors from the “miss and out.”
4. All Songs (except for the first two rounds of qualifying and the final match) will be drawn via the Song Selection Lottery.
5. All Players will be scored using PA.

### 3.2 SONG SELECTION LOTTERY

1. Before the Tournament, all Competitors may choose to submit distinct 10 Songs to the Lottery.
2. Players must write the difficulty of the Song and the pack in which it is contained.
3. Players may NOT write the same Song more than once.
4. Players may write Songs of 12 difficulty or higher up to FIVE times.
5. Eligible Songs include all Expert Songs in the ITG1/2 Packs plus all Expert Songs from the following Packs: “ITG Rebirth,” “Hatena Zubon Tournament Pack,” “DDRillini Pack.” (Songs with no Expert chart and a Hard stepchart of 9+ may be submitted.)
6. No Songs longer than 2:30 may be submitted.
7. These slips will be placed into a hat, and drawn at random at various points in the Tournament to determine what Song is to be played (heretofore known as a Song Draw).
8. Once a Song is selected via a Song Draw, the slip of paper that was drawn shall not be replaced into the hat. However, if the played Song is written on another slip of paper still contained in the hat, the played Song may be drawn again.

### 3.3 QUALIFYING

1. The qualifying round will consist of 4 songs.
2. The first two songs will be chosen by the TC, and the last two songs will be decided by a Song Draw.
3. Each Competitor’s final qualifying score will be their average percentage score on their best three qualifying songs.
4. The top 8 Competitors will advance to the “miss and out” portion of the tournament.

### 3.4 MISS AND OUT

1. For a given round, a Song is selected using a Song Draw.
2. All Competitors still in the tournament play the Song in order of seeding. The two Best Seeded Players (lowest seed numbers) play first if there are an even number of Competitors left, the Best Seeded Player plays alone (and then play continues in pairs afterward) if there are an odd number of Competitors left.
3. Players with an odd seed number play on the P1 side of the Pad.
4. The Competitor who attains the WORST Song score in the round is eliminated.
5. The seeds are reset according to the performance from the round.
6. The above steps are repeated until two Competitors remain.

### 3.5 FINAL MATCH

1. The Final Match will be a “win by two” match between the two remaining Competitors from the “miss and out.”
2. The better seeded Player will choose whether or not he or she wants to choose the first Song, OR on which side of the Pad he or she will play the first two Songs. The worse seeded player chooses from the remaining option.
3. Players will switch sides of the pad after every two Songs.
4. For each Song in the Final Match, the Player choosing the Song may choose any Song from any of the eligible Song Packs. Both Players will play this Song, and the Player with the higher PA score will be awarded a Song win.
5. The first Player to have two more Song wins than their opponent wins the match and the Tournament.

### 3.6 PAD ERROR APPEALS

1. Excluding the final match, all Players will have at their disposal two pad error appeals.
2. To use a pad error appeal, the Player must notify the TD immediately upon completion of the Song in which they feel that the Pad did not accurately reflect the precision of the Player’s dancing.
3. If the TC feels that the Player did receive pad errors, the Player’s score will be recalculated at the discretion of the TD.
4. The TD will generally award two Excellents and a Fantastic (in that order) for every three pad errors. Mines, Rolls and Holds will be dealt with on a case-by-case basis.
5. THE TOURNAMENT DIRECTOR HAS THE FINAL SAY IN ALL RECALCULATION SITUATIONS. ANY DISPUTE (other than to point out a mathematical error) OF THE TOURNAMENT DIRECTOR’S RECALCULATION WILL RESULT IN INSTANT DISQUALIFICATION.
6. In the final match, each Player will have unlimited pad error appeals at their disposal.
